CONDITIONAL SALE AGREEMENT

dated as of April 15, 1980, between
the corporation named in Item 1 of Schedule A hereto
(hereinafter called the Vendor or Builder, as more
particularly set forth in Article 24 hereof), and
GEORGETOWN RAILROAD COMPANY, a Texas
corporation (hereinafter called the Railroad).

WHEREAS, the Builder has agreed to construct, sell and deliver to the Railroad, and the Railroad has agreed to purchase, the railroad equipment described in Schedule B attached hereto (hereinafter called the Equipment);

NOW, THEREFORE, in consideration of the mutual promises, covenants and agreements hereinafter set forth, the parties hereto do hereby agree as follows:

Article 1. Incorporation of Model Provisions. Whenever this Agreement incorporates herein by reference, in whole or in part or as hereby amended, any provision of the document entitled "Model Conditional Sale Provisions" annexed to this Agreement as Part I of Annex A hereto (hereinafter called the Model CSA Provisions), such provision of the Model CSA Provisions shall be deemed to be a part of this Agreement as fully to all intents and purposes as though such provisions had been set forth in full in this Agreement. Whenever this Agreement does not incorporate by reference, in whole or in part or as hereby amended, any provision of the Model CSA Provisions, such provisions shall be deemed not to be part of this Agreement.

Article 2. Construction and Sale. Article 2 of the Model CSA Provisions is herein incorporated as Article 2 hereof.

Article 3. Inspection and Delivery. Article 3 of the Model CSA Provisions is herein incorporated as Article 3 hereof.

Article 4. Purchase Price and Payment. The base price per unit of the Equipment, exclusive of interest, is set forth in Schedule B hereto. The base price, which may include freight charges, if any, from the Builder's plant to the point of delivery, is subject to increase or decrease to the extent contemplated in the purchase order referred to in Schedule B hereof or as may be agreed to by the Builder and the Railroad. The term "Purchase Price" as used herein shall mean the base price as so increased or decreased.

For the purpose of making settlement, the Equipment shall be settled for in four groups comprising fifty (50) units each of the Equipment, delivered to and accepted by the Railroad (each being herein referred to as a "Group").

The Railroad hereby acknowledges itself to be indebted to the Vendor in the amount of, and hereby promises to pay in cash to the Vendor at such place as the Vendor may designate, the Purchase Price of the Equipment in respect of which Certificates of Acceptance are delivered, as follows:

- (a) on each Closing Date (as hereinafter defined) with respect to a Group, an amount equal to the difference between (i) the Purchase Price of all units of the Equipment for which settlement is then being made, as stated in the invoice or invoices therefor (said invoiced prices being hereinafter called the Invoiced Purchase Prices), and (ii) the product of \$28,000.00 multiplied by the number of units of the Equipment for which settlement is then being made; and
- (b) in 60 consecutive equal (except for appropriate adjustment of the final installment) quarterly installments of Ninety-Three Thousand Three Hundred Thirty-Three and 34/100 Dollars (\$93,333.34) each, as hereinafter provided, an amount equal to the aggregate of the Invoiced Purchase Prices of the Group less the amount paid or payable with respect thereto pursuant to subparagraph (a) of this paragraph (the aggregate of said installments being hereinafter called the Conditional Sale Indebtedness).

If this Agreement shall be assigned by the Builder, the obligations of the Railroad under subparagraph (a) of the preceding paragraph of this Article 4 shall be an unsecured obligation and the Builder shall not have any lien on, or claim against, the Equipment or any part thereof with respect to such obligations.

The first installment of the Conditional Sale Indebtedness shall be payable on October 15, 1980, and subsequent installments shall be payable quarterly thereafter on each January 15, April 15, July 15, and October 15 (or if any such date is not a business day on the next succeeding business day), until the Conditional Sale Indebtedness is paid in full. The Railroad may prepay any amount of the Conditional Sale Indebtedness at any time and from time to time and such amount shall be applied to prepay in whole or in part installments thereafter falling due in the inverse order of maturity, but without premium or penalty. The unpaid Conditional Sale Indebtedness shall bear interest from the Closing Date at a rate per annum equal to three-eighths of one percent (.375%) in excess of the minimum commercial lending rate charged from time to time by Texas Commerce Bank National Association, Houston, Texas, to responsible and substantial commercial borrowers for ninety (90) day loans ("Prime Rate"); provided, however, that such interest shall not, at any time, exceed the maximum lawful rate of interest allowed by applicable law and provided, further, that at any such time as the Prime Rate shall equal or exceed 18%

per annum, the unpaid Conditional Sale Indebtedness shall bear interest at a rate per annum equal to the Prime Rate, not to exceed in any event the maximum lawful rate of interest allowed by applicable law. The interest rate shall be adjusted without notice to the Railroad effective on the date of any change in the Prime Rate. The interest shall be due and payable quarterly as it accrues on the same dates as, but in addition to, the above installments.

The term "Closing Date" with respect to a Group shall mean such date (on or after April 25, 1980, and not later than the date set forth in Item 2 of Schedule A hereto [hereinafter called the Cut-off Date]), not more than 15 business days following presentation by the Builder to the Railroad of the invoices and by the Railroad to the Builder of a Certificate or Certificates of Acceptance for the Equipment, as shall be fixed by the Railroad by written notice delivered to the Vendor and to the Builder at least five business days prior to the Closing Date designated therein. The term "business days" as used herein means calendar days, excluding Saturdays, Sundays and holidays on which banking institutions in the State of Texas are authorized to close.

Interest under this Agreement shall be determined on the basis of a 365 or 366 day year, as the case may be.

The Railroad will pay, to the extent legally enforceable, interest at the maximum lawful rate permitted by applicable law (except that in the event no maximum lawful rate exists, then at a rate equal to four percent (4%) in excess of the Prime Rate) upon all amounts remaining unpaid after the same shall have become due and payable pursuant to the term hereof, anything herein to the contrary notwithstanding.

All payments provided for in this Agreement shall be made in such coin or currency of the United States of America as at the time of payment shall be legal tender for the payment of public and private debts.

The Railroad shall be entitled to partial releases of Groups upon prepayment of the Conditional Sale Indebtedness in accordance with the schedule set forth hereinafter and subject to the limitations set forth hereinafter. Upon prepayment of an amount sufficient to leave only seventy-five percent (75%) of the scheduled balance of the Conditional Sale Indebtedness unpaid, the Railroad shall be entitled to a partial release of one Group. Upon prepayment of an amount sufficient to leave only fifty percent (50%) of the scheduled balance of the Conditional Sale Indebtedness unpaid, the Railroad shall be entitled to a partial release of one additional Group. Upon prepayment of an amount sufficient to leave only twenty-five percent (25%) of the scheduled balance of the Conditional Sale

Indebtedness unpaid, the Railroad shall be entitled to a partial release of one additional Group. Anything to the contrary notwithstanding, the Railroad shall not be entitled to any partial releases unless (i) no default has accrued under this Agreement or under the Agreement and Assignment of even date herewith between the Builder and The Capital National Bank in Austin, (ii) all interest accrued on the amounts prepaid shall have been paid in full, and (iii) all Equipment remaining subject hereto shall be in as good condition as when delivered hereunder, reasonable wear and tear only excepted. The Railroad shall bear all expenses of obtaining such partial releases.

The intention of the parties hereto is to conform to applicable usury laws. The maximum amount of interest which may be charged to, and collected from, the Railroad shall be limited to and shall in no event exceed the maximum amount of interest which could lawfully be charged in accordance with any applicable laws, so that, any provision of any agreement or any other instrument evidencing or securing the Conditional Sale Indebtedness notwithstanding, in no event shall the aggregate of the interest on the Conditional Sale Indebtedness, or any other amounts which under principles of applicable laws are deemed to be interest, ever exceed the maximum amount of interest which, under said laws, could be lawfully charged on the principal balance of the Conditional Sale Indebtedness from time to time remaining unpaid. In this connection, it is expressly agreed that it is the intention of the Railroad, the Builder, and The Capital National Bank in Austin to contractually limit the maximum amounts payable by the Railroad in connection with the Conditional Sale Indebtedness which would be deemed "interest" under applicable laws to the maximum amount of interest which would be permitted under said laws. In furtherance thereof, it is agreed that none of the terms of this Agreement, the Agreement and Assignment referred to above, or any instruments evidencing or securing the payment of the Conditional Sale Indebtedness shall ever be construed to create a contract to pay for the use, forbearance or detention of money, interest at a rate in excess of the maximum interest rate permitted to be charged by applicable laws, and the Railroad or any guarantor, endorser, or other party now or hereafter becoming liable for the payment of the Conditional Sale Indebtedness shall never be liable for interest in excess of the maximum interest that could be charged lawfully under such laws; and the provisions of this paragraph shall be deemed to govern the maximum rate and amount of interest which may be paid and shall control over all other provisions of this Agreement, the Agreement and Assignment referred to above, and any other instruments evidencing or securing the Conditional Sale Indebtedness which might be in apparent conflict herewith. Specifically and without limiting the generality of the foregoing, it is expressly provided that the maximum amount of interest contracted for and payable on the Conditional Sale Indebtedness shall be calculated so as to effect strict compliance with any applicable laws, so that:

- (a) If when any installment of interest calculated under the provisions hereof becomes due and the aggregate amount thereof, when added to the aggregate amount of any other amounts which constitute interest on the Conditional Sale Indebtedness and have been theretofore paid thereon, would be in excess of the maximum rate of interest permitted by applicable laws in light of all advances, discounts, payments or prepayments theretofore made thereon, then the aggregate amount of such interest installment shall be automatically reduced to the maximum sum, if any, which could lawfully be paid as interest on the Conditional Sale Indebtedness on such date under such circumstances;
- (b) In the event of voluntary prepayment of the Conditional Sale Indebtedness or payment prior to the normal maturity date thereof resulting from acceleration of maturity thereof, if the aggregate amounts of interest calculated thereunder, plus the amount of any interest accruing after maturity, and plus any other amounts which constitute interest in the aggregate, is paid on the Conditional Sale Indebtedness (if calculated in accordance with provisions other than this paragraph) would exceed the maximum amount of interest which under applicable laws could lawfully be charged on the unpaid principal balance from time to time remaining unpaid to the date of such payment, then in such event the amount of such excess shall not be payable or due (if not previously paid) or (if and to the extent paid) shall be credited toward the payment of principal on the Conditional Sale Indebtedness so as to reduce the amount of the final payment of principal due thereon; and
- (c) If under any circumstances the aggregate amounts paid on the Conditional Sale Indebtedness prior to and incident to final payment thereof include any amounts which by applicable laws would be deemed interest and which would exceed the maximum amount of interest which under such laws could lawfully have been collected thereon, the Railroad, the Builder, and The Capital National Bank stipulate that such payment and collection will have been and will be deemed to have been the result of mathematical error on the part of the Railroad and the Builder or assignee of this Agreement, and the party receiving such excess payment shall promptly refund the amount of such excess (to the extent only of the excess of such interest payments above the maximum amount which would lawfully have been collected and retained) upon discovery of such error by the party receiving such payment or notice thereof from the party making such payment.

SCHEDULE A

Item 1: Ortner Freight Car Company, a Delaware corporation, 2652 Erie Avenue, Cincinnati, Ohio, 45208.

Item 2: September 30, 1980

Item 3: The Builder warrants that the units of the Equipment will be built in accordance with the requirements, specifications and standards set forth in Article 2 of the Conditional Sale Agreement to which this Schedule A is attached (hereinafter called the Agreement) and warrants the Equipment will be free from defects in material (except as to specialties incorporated therein which were specified or supplied by the Railroad and not manufactured by the Builder) and workmanship under normal use and service, the Builder's obligation under this paragraph being limited to making good at its plant any part or parts of any unit of the Equipment which shall be returned to the Builder with transportation charges prepaid, within one year after the delivery of such unit to the Railroad, and which the Builder's examination shall disclose to its satisfaction to have been thus defective. This warranty is expressly in lieu of all other warranties, expressed or implied, including any implied warranty of merchantability or fitness for particular purpose, and of all other obligations or liabilities on the part of the Builder, except for its obligations under Articles 2, 3, 4, and 14 of the Agreement, and the Builder neither assumes nor authorizes any person to assume for it any other liability in connection with the construction and delivery of the Equipment except as aforesaid. MODEL CONDITIONAL SALE PROVISIONS

ARTICLE 2. *Construction and Sale.* Pursuant to this Agreement, the Builder shall construct the Equipment at its plant set forth in Schedule B hereto, and will sell and deliver to the Railroad, and the Railroad will purchase from the Builder and accept delivery of and pay for (as hereinafter provided), the Equipment, each unit of which shall be constructed in accordance with the specifications referred to in Schedule B hereto and in accordance with such modifications thereof as may be agreed upon in writing between the Builder and the Railroad (which specifications and modifications, if any, are hereinafter called the Specifications). The design, quality and component parts of each unit of the Equipment shall conform, on the date of completion of manufacture of each thereof, to all Department of Transportation and Interstate Commerce Commission requirements and specifications and to all standards recommended by the Association of American Railroads reasonably interpreted as being applicable to railroad equipment of the character of such units of the Equipment, and each unit of the Equipment (except to the extent, if any, referred to in Schedule A hereto and/or in Article 8 hereof) will be new railroad equipment.

ARTICLE 3. *Inspection and Delivery.* The Builder will deliver the units of the Equipment to the Railroad at the place or places specified in Schedule B hereto (or if Schedule B does not specify a place or places, at the place or places designated from time to time by the Railroad), freight charges, if any, prepaid, in accordance with the delivery schedule set forth in Schedule B hereto; pro-

vided, however, that the Builder shall have no obligation to deliver any unit of the Equipment hereunder at any time after any event of default (as described in Article 16 hereof), or event which with the lapse of time and/or demand could constitute such an event of default, shall have occurred.

The Builder's obligation as to time of delivery is subject, however, to delays resulting from causes beyond the Builder's reasonable control, including but not limited to acts of God, acts of government such as embargoes, priorities and allocations, war or war conditions, riot or civil commotion, sabotage, strikes, differences with workmen, accidents, fire, flood, explosion, damage to plant, equipment or facilities, delays in receiving necessary materials or delays of carriers or subcontractors.

Notwithstanding the preceding provisions of this Article 3, any Equipment not delivered, accepted and settled for pursuant to Article 4 hereof on or before the Cut-Off Date (as defined in Article 4 hereof) shall be excluded herefrom. If any Equipment shall be excluded from this Agreement pursuant to the immediately preceding sentence, the Railroad and the Builder shall execute an agreement supplemental hereto limiting this Agreement to the Equipment not so excluded herefrom. If the Builder's failure to deliver Equipment so excluded from this Agreement resulted from one or more of the causes set forth in the immediately preceding paragraph, the Railroad shall nevertheless be obligated to accept such Equipment and pay the full purchase price therefor, determined as provided in this Agreement, if and when such Equipment shall be completed and delivered by the Builder, such payment to be in cash on the delivery of such Equipment, either directly or, in case the Railroad shall arrange therefor, by means of a conditional sale agreement, equipment trust or such

other appropriate method of financing as the Railroad shall determine and as shall be reasonably acceptable to the Builder.

During construction, the Equipment shall be subject to inspection and approval by the authorized inspectors of the Railroad and the Builder shall grant to such authorized inspectors reasonable access to its plant. The Builder agrees to inspect all materials used in the construction of the Equipment in accordance with the standard quality control practices of the Builder. Upon completion of each unit or of a number of units of the Equipment, such unit or units shall be presented to an inspector of the Railroad for inspection at the place specified for delivery of such unit or units, and if each such unit conforms to the Specifications, requirements and standards applicable thereto, such inspector or an authorized representative of the Railroad shall execute and deliver to the Builder a certificate of acceptance (hereinafter called the Certificate of Acceptance) stating that such unit or units have been inspected and accepted on behalf of the Railroad and are marked in accordance with Article 7 hereof; *provided, however*, that the Builder shall not thereby be relieved of its warranty referred to in Article 14 hereof.

On delivery of each such unit hereunder at the place specified for delivery, the Railroad will assume the responsibility and risk of, and shall not be released from its obligations hereunder in the event of, any damage to or the destruction or loss of such unit; *provided, however*, that the Builder shall not thereby be relieved of its warranty referred to in Article 14 hereof.

ARTICLE 5. *Taxes.* All payments to be made by the Railroad hereunder will be free of expense to the Vendor for collection or other charges and will be free of expense

to the Vendor with respect to the amount of any local, state, federal or foreign taxes (other than net income, gross receipts [except gross receipts taxes in the nature of or in lieu of sales or use taxes], excess profits and similar taxes) or license fees, assessments, charges, fines or penalties hereafter levied or imposed upon or in connection with or measured by, this Agreement or any sale, use, payment, shipment, delivery or transfer of title under the terms hereof (all such expenses, taxes, license fees, assessments, charges, fines and penalties being hereinafter called impositions), all of which impositions the Railroad assumes and agrees to pay on demand. The Railroad will also pay promptly all impositions which may be imposed upon the Equipment delivered to it or for the use or operation thereof or upon the earnings arising therefrom or upon the Vendor solely by reason of its ownership thereof and will keep at all times all and every part of the Equipment free and clear of all impositions which might in any way affect the title of the Vendor or result in a lien upon any part of the Equipment; *provided, however*, that the Railroad shall be under no obligation to pay any impositions of any kind so long as it is contesting in good faith and by appropriate legal proceedings such impositions and the nonpayment thereof does not, in the opinion of the Vendor, adversely affect the property or rights of the Vendor in or to the Equipment or otherwise under this Agreement. If any such impositions shall have been charged or levied against the Vendor directly and paid by the Vendor, the Railroad shall reimburse the Vendor upon presentation of an invoice therefor, and any amounts so paid by the Vendor shall be secured by and under this Agreement; *provided, however*, that the Railroad shall not be obligated to reimburse the Vendor for any impositions so paid unless the Vendor shall have been legally liable with respect thereto (as evidenced by an opinion of counsel

for the Vendor) or unless the Railroad shall have approved the payment thereof.

ARTICLE 6. *Title to the Equipment.* The Vendor shall and hereby does retain the full legal title to and property in the Equipment until the Railroad shall have made all its payments under this Agreement and shall have kept and performed all its agreements herein contained, notwithstanding the delivery of the Equipment to and the possession and use thereof by the Railroad as provided in this Agreement. Any and all additions to the Equipment and any and all replacements of the Equipment and of parts thereof and additions thereto shall constitute accessions to the Equipment and shall be subject to all the terms and conditions of this Agreement and included in the term "Equipment" as used in this Agreement.

Except as otherwise specifically provided in Article 8 hereof, when and only when the full indebtedness in respect of the Purchase Price of the Equipment, together with interest and all other payments as herein provided, shall have been paid, and all the Railroad's obligations herein contained shall have been performed by the Railroad, absolute right to the possession of, title to and property in the Equipment shall pass to and vest in the Railroad without further transfer or action on the part of the Vendor. However, the Vendor, if so requested by the Railroad at that time, will (a) execute a bill or bills of sale for the Equipment transferring its title thereto and property therein to the Railroad, or upon its order, free of all liens, security interests and other encumbrances created or retained hereby and deliver such bill or bills of sale to the Railroad at its address referred to in Article 21 hereof, (b) execute and deliver at the same place, for filing, recording or depositing in all necessary public offices, such instrument or instru-

ments in writing as may be necessary or appropriate in order then to make clear upon the public records the title of the Railroad to the Equipment and (c) pay to the Railroad any money paid to the Vendor pursuant to Article 8 hereof and not theretofore applied as therein provided. The Railroad hereby waives and releases any and all rights, existing or that may be acquired, in or to the payment of any penalty, forfeit or damages for failure to execute and deliver such bill or bills of sale or instrument or instruments or to file any certificate of payment in compliance with any law or statute requiring the filing of the same, except for failure to execute and deliver such bill or bills of sale or instrument or instruments or to file such certificate within a reasonable time after written demand by the Railroad.

ARTICLE 7. *Marking of the Equipment.* The Railroad will cause each unit of the Equipment to be kept numbered with its identifying number as set forth in Schedule B hereto, or in the case of Equipment not there listed such identifying number as shall be set forth in any amendment or supplement hereto extending this Agreement to cover such Equipment, and will keep and maintain, plainly, distinctly, permanently and conspicuously marked on each side of each unit, in letters not less than one inch in height, the words "Owned by a Bank or Trust Company under a Security Agreement Filed under the Interstate Commerce Act, Section 20c" or the name of the Vendor followed by the words "Agent, Owner", or other appropriate markings approved by the Vendor as set forth in Schedule A hereto, with appropriate changes thereof and additions thereto as from time to time may be required by law in order to protect the Vendor's title to and property in the Equipment and its rights under this Agreement. The Railroad will not place any such unit in operation or exercise any control or

dominion over the same until such markings have been made thereon and will replace promptly any such markings which may be removed, defaced or destroyed. The Railroad will not change the number of any unit of the Equipment except in accordance with a statement of new number or numbers to be substituted therefor, which statement previously shall have been filed with the Vendor by the Railroad and filed, recorded and deposited by the Railroad in all public offices where this Agreement shall have been filed, recorded and deposited.

Except as provided in the immediately preceding paragraph, the Railroad will not allow the name of any person, association or corporation to be placed on any unit of the Equipment as a designation that might be interpreted as a claim of ownership; *provided, however*, that the Railroad may cause the Equipment to be lettered with the names or initials or other insignia of the Railroad or its affiliates.

ARTICLE 8. Casualty Occurrences. In the event that any unit of the Equipment shall be worn out, lost, stolen, destroyed, irreparably damaged or otherwise rendered permanently unfit for use from any cause whatsoever, or taken or requisitioned by condemnation or otherwise (such occurrences being hereinafter called Casualty Occurrences), the Railroad shall promptly (after it has knowledge of such Casualty Occurrence) and fully inform the Vendor in regard thereto. When the aggregate Casualty Value (as defined herein and in the Other Agreements, if any, referred to in Article 4 hereof) of all units having suffered a Casualty Occurrence (exclusive of units having suffered a Casualty Occurrence with respect to which a payment shall have been made to the Vendor pursuant to this Article 8) hereunder shall exceed \$100,000 (or such lesser amount as the Railroad may elect), the Railroad, within 30 days after it has knowledge of such event, shall promptly

pay to the Vendor a sum equal to the aggregate Casualty Value of such units of the Equipment as of the date of such payment and shall file with the Vendor a certificate of an officer of the Railroad setting forth the Casualty Value of each unit of the Equipment suffering a Casualty Occurrence.

Any money paid to the Vendor pursuant to the preceding paragraph of this Article 8 shall, as the Railroad may direct in a written instrument filed with the Vendor, be applied (so long as no event of default shall have occurred and be continuing), in whole or in part, to prepay instalments of Conditional Sale Indebtedness or toward the cost of a unit or units of standard-gauge railroad equipment (other than passenger or work equipment of types other than locomotives) first put into service no earlier than the date of this Agreement, to replace units suffering a Casualty Occurrence. If such replacement equipment shall be equipment theretofore used in railroad service, the Railroad shall deliver to the Vendor a certificate of an officer of the Railroad that the cost of such equipment does not exceed the fair value thereof. In case any money is applied to prepay indebtedness, it shall be so applied, on the instalment date for the payment of Conditional Sale Indebtedness next following receipt by the Vendor of such written direction, to reduce instalments thereafter falling due in the inverse order of maturity thereof without premium.

The Casualty Value of each unit of the Equipment (other than a replacement unit) shall be deemed to be that amount which bears the same ratio to the original Purchase Price thereof (less, in the event that the Railroad shall have made any payment or payments under the provisions of subparagraph (a) of the third paragraph of Article 4 hereof, an amount which bears the same ratio to the aggregate of all such payments as the original Purchase Price of such unit bears to the original aggregate Purchase

Price of all the Equipment) as the unpaid Conditional Sale Indebtedness (without giving effect to any prepayments then or theretofore made pursuant to this Article 8) as of the date payment is made with respect to such Casualty Occurrence bears to the original Conditional Sale Indebtedness. The Casualty Value of each replacement unit shall be deemed to be that amount which bears the same ratio to the portion of the cost thereof paid by the Vendor as the unpaid Conditional Sale Indebtedness (without giving effect to any prepayments then or theretofore made pursuant to this Article 8) as of the date payment is made with respect to such Casualty Occurrence bears to the unpaid Conditional Sale Indebtedness (without giving effect to any such prepayments) as of the date of acquisition by the Vendor of such replacement unit.

The Railroad will cause any replacement unit or units to be marked as provided in Article 7 hereof. Any and all such replacements of Equipment shall constitute accessions to the Equipment and shall be subject to all appropriate terms and conditions of this Agreement as though part of the original Equipment delivered hereunder and shall be included in the term "Equipment" as used in this Agreement. Title to all such replacement units shall be free and clear of all liens and encumbrances except the liens permitted by the second paragraph of Article 12 hereof and shall be taken initially and shall remain in the name of the Vendor subject to the provisions hereof, and the Railroad shall execute, acknowledge, deliver, file, record or deposit all such documents and do any and all such acts as may be necessary to cause such replacement units to come under and be subject to this Agreement. All such replacement units shall be guaranteed and warranted in like manner as is customary at the time for similar equipment. Whenever the Railroad shall file with the Vendor a written

direction to apply amounts toward the cost of any replacement unit or units, the Railroad shall file therewith executed counterparts of an opinion of counsel covering the matters set forth in this paragraph.

So long as no event of default shall have occurred and be continuing, any money paid to the Vendor pursuant to this Article 8 shall, if the Railroad shall in writing so direct, be invested, pending its application as hereinabove provided, in such (i) direct obligations of the United States of America or obligations for which the faith of the United States is pledged to provide for the payment of principal and interest, (ii) open market commercial paper rated within the two highest grades by Standard and Poor's Corporation or Moody's Investors Service, or the successor of either of them, or (iii) certificates of deposit of commercial banks in the United States of America having a capital and surplus aggregating at least \$50,000,000, in each case maturing in not more than one year from the date of such investment (such investments being hereinafter called Investments), as may be specified in such written direction. Any such obligations shall from time to time be sold and the proceeds reinvested in such Investments as the Railroad may in writing direct. Any interest received by the Vendor on any Investments shall be held by the Vendor and applied as hereinafter provided. Upon any sale or the maturity of any Investments, the proceeds thereof, plus any interest received by the Vendor thereon, up to the cost (including accrued interest) thereof, shall be held by the Vendor for application pursuant to this Article 8, and any excess shall be paid to the Railroad. If such proceeds (plus such interest) shall be less than such cost, the Railroad will promptly pay to the Vendor an amount equal to such deficiency. The Railroad will pay all expenses incurred by the Vendor in connection with the purchase and sale of Investments.

If one or more events of default shall have occurred and be continuing, all money held by the Vendor pursuant to this Article 8 (including, for this purpose, Investments) shall be applied by the Vendor as if such money were money received upon the sale of Equipment pursuant to Article 17 hereof.

In order to facilitate the sale or other disposition of any Equipment suffering a Casualty Occurrence, the Vendor shall, upon request of the Railroad, after payment by the Railroad of a sum equal to the Casualty Value of such Equipment, execute and deliver to the Railroad or the Railroad's vendee, assignee or nominee, a bill of sale (without warranties) for such Equipment, and such other documents as may be required to release such Equipment from the terms and scope of this Agreement, in such form as may be reasonably requested by the Railroad.

ARTICLE 9. *Maintenance; Compliance with Laws and Rules.* The Railroad will at all times maintain the Equipment or cause the Equipment to be maintained in good order and repair at its own expense.

During the term of this Agreement, the Railroad will at all times comply in all respects with all laws of the jurisdictions in which its operations involving the Equipment may extend, with the interchange rules of the Association of American Railroads and with all lawful rules of the Department of Transportation, Interstate Commerce Commission and any other legislative, executive, administrative or judicial body exercising any power or jurisdiction over the Equipment, to the extent that such laws and rules affect the title, operation or use of the Equipment, and in the event that such laws or rules require any alteration, replacement or addition of any part on any unit of the Equipment, the Railroad will conform therewith, at its own expense; *pro-*

vided, however, that the Railroad may, in good faith, contest the validity or application of any such law or rule in any reasonable manner which does not, in the opinion of the Vendor, adversely affect the property or rights of the Vendor under this Agreement.

ARTICLE 10. *Reports and Inspections.* On or before March 31 in each year, commencing with the calendar year which begins after the expiration of 120 days from the date of this Agreement, the Railroad shall furnish to the Vendor an accurate statement signed by an officer of the Railroad (a) setting forth as at the preceding December 31 the amount, description and numbers of all units of the Equipment that have suffered a Casualty Occurrence during the preceding calendar year (or since the date of this Agreement in the case of the first such statement) and such other information regarding the condition and state of repair of the Equipment as the Vendor may reasonably request and (b) stating that, in the case of all Equipment repaired or repainted during the period covered by such statement, the numbers and markings required by Article 7 hereof have been preserved or replaced. The Vendor shall have the right, by its agents, to inspect the Equipment and the Railroad's records with respect thereto at such reasonable times as the Vendor may request during the term of this Agreement.

ARTICLE 11. *Possession and Use.* The Railroad, so long as an event of default shall not have occurred under this Agreement and be continuing, shall be entitled to the possession of the Equipment and the use thereof upon the lines of railroad owned or operated by it either alone or jointly with others and whether under lease or otherwise, or upon the lines of railroad owned or operated by any rail-

road company controlled by, or under common control with, the Railroad, or over which it has trackage rights, or upon connecting and other carriers in the usual interchange of traffic, from and after delivery of the Equipment by the Builder to the Railroad, but only upon and subject to all the terms and conditions of this Agreement.

ARTICLE 12. *Prohibition Against Liens.* The Railroad will pay or discharge any and all sums claimed by any party from, through or under the Railroad or its successors or assigns which, if unpaid, might become a lien, charge or security interest on the Equipment, or any unit thereof, equal or superior to the Vendor's title thereto or property therein; *provided, however,* that the Railroad shall be under no obligation to pay or discharge any such claim so long as it is contesting in good faith and by appropriate legal proceedings such claim and the nonpayment thereof does not, in the opinion of the Vendor, adversely affect the property or rights of the Vendor in or to the Equipment or otherwise under this Agreement. Any amounts paid by the Vendor in discharge of liens, charges or security interests upon the Equipment shall be secured by and under this Agreement.

This covenant will not be deemed breached by reason of liens for taxes, assessments or governmental charges or levies, in each case not due and delinquent, or undetermined or inchoate materialmen's, mechanics', workmen's, repairmen's or other like liens arising in the ordinary course of business and, in each case, not delinquent.

ARTICLE 13. *Railroad's Indemnities.* The Railroad agrees to indemnify, protect and hold harmless the Vendor from and against all losses, damages, injuries, liabilities, claims and demands whatsoever, regardless of the cause

thereof, and expenses in connection therewith, including counsel fees, arising out of retention by the Vendor of title to the Equipment, the use and operation thereof by the Railroad during the period when title thereto remains in the Vendor or the transfer of title to the Equipment by the Vendor pursuant to any of the provisions of this Agreement, except, however, any losses, damages, injuries, liabilities, claims and demands whatsoever arising out of any tort, breach of warranty or failure to perform any covenant hereunder by the Builder. This covenant of indemnity shall continue in full force and effect notwithstanding the full payment of all sums due under this Agreement, or the satisfaction, discharge or termination of this Agreement in any manner whatsoever.

ARTICLE 14. *Patent Indemnities; Builder's Warranty of Material and Workmanship.* Except in cases of articles or materials specified by the Railroad and not manufactured by the Builder and in cases of designs, systems, processes, formulae or combinations specified by the Railroad and not developed or purported to be developed by the Builder, the Builder agrees to indemnify, protect and hold harmless the Railroad from and against any and all liability, claims, costs, charges and expenses, including royalty payments and counsel fees, in any manner imposed upon or accruing against the Railroad, its assigns or the users of the Equipment because of the use in or about the construction or operation of any of the Equipment of any design, system, process, formula, combination, article or material which infringes or is claimed to infringe on any patent or other right. The Railroad likewise will indemnify, protect and hold harmless the Vendor from and against any and all liability, claims, costs, charges

and expenses, including royalty payments and counsel fees, in any manner imposed upon or accruing against the Vendor because of the use in or about the construction or operation of any of the Equipment of any article or material specified by the Railroad and not manufactured by the Builder or of any design, system, process, formula or combination specified by the Railroad and not developed or purported to be developed by the Builder which infringes or is claimed to infringe on any patent or other right. The Builder agrees to and hereby does, to the extent legally possible without impairing any claim, right or cause of action hereinafter referred to, assign, set over and deliver to the Railroad every claim, right and cause of action which the Builder has or hereafter shall have against the seller or sellers of any designs, systems, processes, formulae, combinations, articles or materials specified by the Railroad and purchased or otherwise acquired by the Builder for use in or about the construction or operation of any of the Equipment, on the ground that any such design, system, process, formula, combination, article or material or operation thereof infringes or is claimed to infringe on any patent or other right. The Builder further agrees to execute and deliver to the Railroad or the users of the Equipment all and every such further assurance as may be reasonably requested by the Railroad more fully to effectuate the assignment and delivery of every such claim, right and cause of action. The Builder will give notice to the Railroad of any claim known to the Builder from which liability may be charged against the Railroad hereunder and the Railroad will give notice to the Builder of any claim known to the Railroad from which liability may be charged against the Builder hereunder. Such covenants of indemnity shall continue in full force and effect notwithstanding the full payment of all sums due under this Agreement, or the

satisfaction, discharge or termination of this Agreement in any manner whatsoever.

The agreement of the parties relating to the Builder's warranty of material and workmanship is set forth in Schedule A hereto.

ARTICLE 15. *Assignments.* The Railroad will not sell, assign, transfer or otherwise dispose of its rights under this Agreement or, except as provided in Article 11 hereof, transfer the right to possession of any unit of the Equipment without first obtaining the written consent of the Vendor. A sale, assignment, transfer or disposition to a railroad company organized under the laws of the United States of America or any of the states thereof which shall acquire all or substantially all the lines of railroad of the Railroad, and which, by execution of an appropriate instrument satisfactory to the Vendor, shall assume and agree to perform each of and all the obligations and covenants of the Railroad under this Agreement, shall not be deemed a breach of this covenant.

All or any of the rights, benefits and advantages of the Vendor under this Agreement, including the right to receive the payments herein provided to be made by the Railroad, may be assigned by the Vendor and reassigned by any assignee at any time or from time to time. No such assignment shall subject any assignee to, or relieve the Builder from, any of the obligations of the Builder to construct and deliver the Equipment in accordance with this Agreement or to respond to its warranties and indemnities contained or referred to in Article 14 hereof, or relieve the Railroad of any of its obligations to the Builder under Articles 2, 3, 4, 5, 13 and 14 hereof, Schedule A hereto and this Article 15 or of any other obligation which, according to its terms and context, is intended to survive an assignment.

Upon any such assignment either the assignor or the assignee shall give written notice to the Railroad, together with a counterpart or copy of such assignment, stating the identity and post office address of the assignee, and such assignee shall by virtue of such assignment acquire all the assignor's right, title and interest in and to the Equipment and this Agreement, or in and to a portion thereof, as the case may be, subject only to such reservations as may be contained in such assignment. From and after the receipt by the Railroad of the notification of any such assignment, all payments thereafter to be made by the Railroad under this Agreement shall, to the extent so assigned, be made to the assignee in such manner as it may direct.

The Railroad recognizes that it is the custom of railroad equipment manufacturers to assign conditional sale agreements and understands that the assignment of this Agreement, or of some of or all the rights of the Vendor hereunder, is contemplated. The Railroad expressly represents, for the purpose of assurance to any person, firm or corporation considering the acquisition of this Agreement or of all or any of the rights of the Vendor hereunder and for the purpose of inducing such acquisition, that in the event of such assignment by the Vendor as hereinbefore provided, the rights of such assignee to the entire unpaid indebtedness in respect of the Purchase Price or such part thereof as may be assigned, together with interest thereon, as well as any other rights hereunder which may be so assigned, shall not be subject to any defense, setoff, counterclaim or recoupment whatsoever arising out of any breach of any obligation of the Builder with respect to the Equipment or the manufacture, construction, delivery or warranty thereof, or with respect to any indemnity herein contained, nor subject to any defense, setoff, counterclaim or recoupment whatsoever arising by reason of any other indebted-

ness or liability at any time owing to the Railroad by the Builder. Any and all such obligations, howsoever arising, shall be and remain enforceable by the Railroad against and only against the Builder.

In the event of any such assignment or successive assignments by the Vendor, the Railroad will, if necessary upon request of the assignee, change the markings on each side of each unit of the Equipment so as to be consistent with the interests of the assignee in the Equipment. The cost of such markings in the event of an assignment of not less than all the Equipment at the time covered by this Agreement shall be borne by the Railroad and, in the event of an assignment of less than all such Equipment, such cost shall be borne by such assignee.

The Railroad will (a) in connection with each settlement for the Equipment subsequent to such assignment, deliver to the assignee, at the time of delivery of notice fixing the Closing Date for such Equipment, all documents required by the terms of such assignment to be delivered to such assignee in connection with such settlement, in such number of counterparts or copies as may reasonably be requested, except for any opinion of counsel for such assignee, and (b) furnish to such assignee such number of counterparts of any other certificate or paper required by the Vendor as may reasonably be requested.

If this Agreement shall have been assigned by the Builder and the assignee shall not make payment to the Builder with respect to units of the Equipment as provided in the instrument making such assignment, the Builder will promptly notify the Railroad of such event and, if such amount shall not have been previously paid by such assignee, the Railroad will, not later than 90 days after the date such payment was due, pay or cause to be paid to the Builder the aggregate unpaid Purchase Price of such

units, together with interest from the date such payment was due to the date of payment by the Railroad at the highest prime rate of interest of leading New York City banks in effect on the date such payment was due.

ARTICLE 16. *Defaults.* In the event that any one or more of the following events of default shall occur and be continuing, to wit:

(a) the Railroad shall fail to pay in full any indebtedness in respect of the Purchase Price of the Equipment or any other sum payable by the Railroad as provided in this Agreement within five days after payment thereof shall be due hereunder; or

(b) the Railroad shall, for more than 30 days after the Vendor shall have demanded in writing performance thereof, fail or refuse to comply with any covenant, agreement, term or provision of this Agreement, or of any agreement entered into concurrently herewith relating to the financing of the Equipment, on its part to be kept or performed or to make provision satisfactory to the Vendor for such compliance; or

(c) a petition for reorganization under Section 77 of the Bankruptcy Act, as now constituted or as said Section 77 may be hereafter amended, shall be filed by or against the Railroad and, unless such petition shall have been dismissed, nullified, stayed or otherwise rendered ineffective (but then only so long as such stay shall continue in force or such ineffectiveness shall continue), all the obligations of the Railroad under this Agreement shall not have been duly assumed in writing, pursuant to a court order or decree, by a trustee or trustees appointed (whether or not subject to ratifica-

tion) in such proceedings in such manner that such obligations shall have the same status as obligations incurred by such trustee or trustees, within 30 days after such appointment, if any, or 60 days after such petition shall have been filed, whichever shall be earlier; or

(d) any other proceeding shall be commenced by or against the Railroad for any relief under any bankruptcy or insolvency law, or law relating to the relief of debtors, readjustments of indebtedness, reorganizations, arrangements, compositions or extensions (other than a law which does not permit any readjustment of the indebtedness payable hereunder), and, unless such proceedings shall have been dismissed, nullified, stayed or otherwise rendered ineffective (but then only so long as such stay shall continue in force or such ineffectiveness shall continue), all the obligations of the Railroad under this Agreement shall not have been duly assumed in writing, pursuant to a court order or decree, by a trustee or trustees or receiver or receivers appointed (whether or not subject to ratification) for the Railroad or for its property in connection with any such proceedings in such manner that such obligations shall have the same status as obligations incurred by such trustee or trustees or receiver or receivers, within 30 days after such appointment, if any, or 60 days after such proceedings shall have been commenced, whichever shall be earlier; or

(e) the Railroad shall make or suffer any unauthorized assignment or transfer of this Agreement or any interest herein or any unauthorized transfer of the right to possession of any unit of the Equipment; or

(f) an event of default shall occur under the Other Agreement or Agreements, if any, referred to in Article 4 hereof;

then at any time after the occurrence of such an event of default the Vendor may, upon written notice to the Railroad and upon compliance with any mandatory legal requirements then in force and applicable to such action by the Vendor, declare (hereinafter called a Declaration of Default) the entire indebtedness in respect of the Purchase Price of the Equipment, together with the interest thereon then accrued and unpaid, immediately due and payable, without further demand, and thereafter the aggregate of the unpaid balance of such indebtedness and interest shall bear interest from the date of such Declaration of Default at the rate per annum specified in Article 4 hereof as being applicable to amounts remaining unpaid after becoming due and payable, to the extent legally enforceable. The Vendor shall thereupon be entitled to recover judgment for the entire unpaid balance of the indebtedness in respect of the Purchase Price of the Equipment so payable, with interest as aforesaid, and to collect such judgment out of any property of the Railroad wherever situated. The Railroad shall promptly notify the Vendor of any event which has come to its attention which constitutes, or which with the giving of notice and/or lapse of time could constitute, an event of default under this Agreement.

The Vendor may at its election waive any such event of default and its consequences and rescind and annul any Declaration of Default by notice to the Railroad in writing to that effect, and thereupon the respective rights of the parties shall be as they would have been if no such event of default had occurred and no Declaration of Default had

been made. Notwithstanding the provisions of this paragraph, it is expressly understood and agreed by the Railroad that time is of the essence of this Agreement and that no such waiver, rescission or annulment shall extend to or affect any other or subsequent default or impair any rights or remedies consequent thereon.

ARTICLE 17. *Remedies.* At any time during the continuance of a Declaration of Default, the Vendor may, subject to compliance with any mandatory legal requirements then in force and applicable to the action to be taken by the Vendor, take or cause to be taken by its agent or agents immediate possession of the Equipment, or one or more of the units thereof, without liability to return to the Railroad any sums theretofore paid and free from all claims whatsoever, except as hereinafter in this Article 17 expressly provided, and may remove the same from possession and use of the Railroad or any other person and for such purpose may enter upon the Railroad's premises or any other premises where the Equipment may be located and may use and employ in connection with such removal any supplies, services and aids and any available trackage and other facilities or means of the Railroad.

In case the Vendor shall demand possession of the Equipment pursuant to this Agreement and shall reasonably designate a point or points upon the premises of the Railroad for the delivery of the Equipment to the Vendor, the Railroad shall, at its own expense, forthwith and in the usual manner, cause the Equipment to be moved to such point or points on its lines as shall be designated by the Vendor and shall there deliver the Equipment or cause it to be delivered to the Vendor. At the option of the Vendor, the Vendor may keep the Equipment on any of the lines or premises of the Railroad until the Vendor shall have leased, sold or otherwise disposed of the same, and for

such purpose the Railroad agrees to furnish, without charge for rent or storage, the necessary facilities at any point or points selected by the Vendor reasonably convenient to the Railroad. This agreement to deliver the Equipment and furnish facilities as hereinbefore provided is of the essence of the agreement between the parties, and, upon application to any court of equity having jurisdiction in the premises, the Vendor shall be entitled to a decree against the Railroad requiring specific performance hereof. The Railroad hereby expressly waives any and all claims against the Vendor and its agent or agents for damages of whatever nature in connection with any retaking of any unit of the Equipment in any reasonable manner.

At any time during the continuance of a Declaration of Default, the Vendor (after retaking possession of the Equipment as hereinbefore in this Article 17 provided) may at its election and upon such notice as is hereinafter set forth retain the Equipment in satisfaction of the entire indebtedness in respect of the Purchase Price of the Equipment and make such disposition thereof as the Vendor shall deem fit. Written notice of the Vendor's election to retain the Equipment shall be given to the Railroad by telegram or registered mail, addressed as provided in Article 21 hereof, and to any other persons to whom the law may require notice, within 30 days after such Declaration of Default. In the event that the Vendor should elect to retain the Equipment and no objection is made thereto within the 30-day period described in the second proviso below, all the Railroad's rights in the Equipment shall thereupon terminate and all payments made by the Railroad may be retained by the Vendor as compensation for the use of the Equipment by the Railroad; *provided, however*, that if the Railroad, before the expiration of the 30-day period described in the proviso below, should pay or cause to be paid to the Vendor the total unpaid balance of the indebtedness in respect of the Purchase Price of the Equipment, together

with interest thereon accrued and unpaid and all other payments due under this Agreement as well as expenses of the Vendor in retaking possession of, removing and storing the Equipment and the Vendor's reasonable attorneys' fees, then in such event absolute right to the possession of, title to and property in the Equipment shall pass to and vest in the Railroad; *provided, further*, that if the Railroad or any other persons notified under the terms of this paragraph object in writing to the Vendor within 30 days from the receipt of notice of the Vendor's election to retain the Equipment, then the Vendor may not so retain the Equipment, but shall sell, lease or otherwise dispose of it or continue to hold it pending sale, lease or other disposition as hereinafter provided or as may otherwise be permitted by law. If the Vendor shall have given no notice to retain as hereinabove provided or notice of intention to dispose of the Equipment in any other manner, it shall be deemed to have elected to sell the Equipment in accordance with the provisions of this Article 17.

At any time during the continuance of a Declaration of Default, the Vendor, with or without retaking possession thereof, at its election and upon reasonable notice to the Railroad and to any other persons to whom the law may require notice of the time and place, may sell the Equipment, or any unit thereof, free from any and all claims of the Railroad or any other party claiming from, through or under the Railroad at law or in equity, at public or private sale and with or without advertisement as the Vendor may determine; *provided, however*, that if, prior to such sale and prior to the making of a contract for such sale, the Railroad should tender full payment of the total unpaid balance of the indebtedness in respect of the Purchase Price of the Equipment, together with interest thereon accrued and unpaid and all other payments due

under this Agreement as well as expenses of the Vendor in retaking possession of, removing, storing, holding and preparing the Equipment for, and otherwise arranging for, the sale and the Vendor's reasonable attorneys' fees, then in such event absolute right to the possession of, title to and property in the Equipment shall pass to and vest in the Railroad. The proceeds of such sale, less the attorneys' fees and any other expenses incurred by the Vendor in retaking possession of, removing, storing, holding, preparing for sale and selling the Equipment, shall be credited on the amount due to the Vendor under the provisions of this Agreement.

Any sale hereunder may be held or conducted at such place or places and at such time or times as the Vendor may specify, in one lot and as an entirety or in separate lots and without the necessity of gathering at the place of sale the property to be sold, and in general in such manner as the Vendor may determine. The Railroad shall be given written notice of such sale not less than ten days prior thereto, by telegram or registered mail addressed to the Railroad as provided in Article 21 hereof. If such sale shall be a private sale, it shall be subject to the right of the Railroad to purchase or provide a purchaser, within ten days after notice of the proposed sale price, at the same price offered by the intending purchaser or a better price. The Vendor or the Railroad may bid for and become the purchaser of the Equipment, or any unit thereof, so offered for sale. In the event that the Vendor shall be the purchaser thereof, it shall not be accountable to the Railroad (except to the extent of surplus money received as hereinafter provided in this Article 17), and in payment of the purchase price therefor the Vendor shall be entitled to have credited on account thereof all sums due to the Vendor from the Railroad hereunder.

Each and every power and remedy hereby specifically given to the Vendor, shall be in addition to every other power and remedy hereby specifically given or now or hereafter existing at law or in equity, and each and every power and remedy may be exercised from time to time and simultaneously and as often and in such order as may be deemed expedient by the Vendor. All such powers and remedies shall be cumulative, and the exercise of one shall not be deemed a waiver of the right to exercise any other or others. No delay or omission of the Vendor in the exercise of any such power or remedy and no renewal or extension of any payments due hereunder shall impair any such power or remedy or shall be construed to be a waiver of any default or an acquiescence therein. Any extension of time for payment hereunder or other indulgence duly granted to the Railroad shall not otherwise alter or affect the Vendor's rights or the Railroad's obligations hereunder. The Vendor's acceptance of any payment after it shall have become due hereunder shall not be deemed to alter or affect the Railroad's obligations or the Vendor's rights hereunder with respect to any subsequent payments or default therein.

If, after applying all sums of money realized by the Vendor under the remedies herein provided, there shall remain any amount due to it under the provisions of this Agreement, the Railroad shall pay the amount of such deficiency to the Vendor upon demand, and, if the Railroad shall fail to pay such deficiency, the Vendor may bring suit therefor and shall be entitled to recover a judgment therefor against the Railroad. If, after applying as aforesaid all sums realized by the Vendor, there shall remain a surplus in the possession of the Vendor, such surplus shall be paid to the Railroad.

The Railroad will pay all reasonable expenses, including attorneys' fees, incurred by the Vendor in enforcing its remedies under the terms of this Agreement. In the event

that the Vendor shall bring any suit to enforce any of its rights hereunder and shall be entitled to judgment, then in such suit the Vendor may recover reasonable expenses, including attorneys' fees, and the amount thereof shall be included in such judgment.

The foregoing provisions of this Article 17 are subject in all respects to all mandatory legal requirements at the time in force and applicable thereto.

ARTICLE 18. *Applicable State Laws.* Any provision of this Agreement prohibited by any applicable law of any jurisdiction (which is not overridden by applicable federal law) shall as to such jurisdiction be ineffective, without modifying the remaining provisions of this Agreement. Where, however, the conflicting provisions of any such applicable law may be waived, they are hereby waived by the Railroad to the full extent permitted by law, it being the intention of the parties hereto that this Agreement shall be deemed to be a conditional sale and enforced as such.

Except as otherwise provided in this Agreement, the Railroad, to the full extent permitted by law, hereby waives all statutory or other legal requirements for any notice of any kind, notice of intention to take possession of or to sell or lease the Equipment, or any unit thereof, and any other requirements as to the time, place and terms of the sale or lease thereof, any other requirements with respect to the enforcement of the Vendor's rights under this Agreement and any and all rights of redemption.

ARTICLE 19. *Recording.* The Railroad will cause this Agreement, any assignments hereof and any amendments or supplements hereto or thereto to be filed and recorded with the Interstate Commerce Commission in accordance with Section 20c of the Interstate Commerce Act; and the Railroad will from time to time do and perform any other act and will execute, acknowledge, deliver, file, register, de-

posit and record any and all further instruments required by law or reasonably requested by the Vendor for the purpose of proper protection, to the satisfaction of counsel for the Vendor, of its title to the Equipment and its rights under this Agreement or for the purpose of carrying out the intention of this Agreement; and the Railroad will promptly furnish to the Vendor certificates or other evidence of such filing, registering, depositing and recording satisfactory to the Vendor.

ARTICLE 20. *Payment of Expenses.* The Railroad will pay all reasonable costs and expenses (other than the fees and expenses of counsel for the Builder) incident to this Agreement and the first assignment of this Agreement (including the fees and expenses of an agent or any successor agent, if the first assignee is an agent), and any instrument supplemental or related hereto or thereto, including all fees and expenses of counsel for the first assignee of this Agreement and for any party acquiring interests in such first assignment, and all reasonable costs and expenses in connection with the transfer by any party of interests acquired in such first assignment.

ARTICLE 22. *Article Headings; Effect and Modification of Agreement.* All article headings are inserted for convenience only and shall not affect any construction or interpretation of this Agreement.

This Agreement, including the Schedules hereto, exclusively states the rights of the Vendor and the Railroad with respect to the Equipment and supersedes all other agreements, oral or written, with respect to the Equipment. No variation or modification of this Agreement and no waiver of any of its provisions or conditions shall be valid unless in writing and signed by duly authorized officers of the Vendor and the Railroad.

ARTICLE 23. *Law Governing.* The Railroad warrants that its chief place of business and its chief executive office

are located in the state specified in clause (a) of Article 21 hereof. The terms of this Agreement and all rights and obligations hereunder shall be governed by the laws of such state; *provided, however*, that the parties shall be entitled to all rights conferred by Section 20c of the Interstate Commerce Act and such additional rights arising out of the filing, recording or deposit hereof, if any, and of any assignment hereof as shall be conferred by the laws of the several jurisdictions in which this Agreement or any assignment hereof shall be filed, recorded or deposited.

ARTICLE 24. *Definitions.* The term "Vendor", whenever used in this Agreement, means, before any assignment of any of its rights hereunder, the corporation named in Item 1 of Schedule A hereto and any successor or successors for the time being to its manufacturing properties and business, and, after any such assignment, both any assignee or assignees for the time being of such particular assigned rights as regards such rights, and also any assignor as regards any rights hereunder that are retained or excluded from any assignment; and the term "Builder", whenever used in this Agreement, means, both before and after any such assignment, the corporation named in Item 1 of Schedule A hereto and any successor or successors for the time being to its manufacturing properties and business.

ARTICLE 25. *Execution.* This Agreement may be executed in any number of counterparts, each of which so executed shall be deemed to be an original, and such counterparts together shall constitute but one and the same contract, which shall be sufficiently evidenced by any such original counterpart. Although this Agreement is dated as of the date first set forth above, for convenience, the actual date or dates of execution hereof by the parties hereto is or are, respectively, the date or dates stated in the acknowledgments hereto annexed.

ANNEX A

Part II

MODEL ASSIGNMENT PROVISIONS

SECTION 3. The Builder agrees that it shall construct the Equipment in full accordance with the Conditional Sale Agreement and will deliver the same upon completion to the Railroad in accordance with the provisions of the Conditional Sale Agreement; and that, notwithstanding this Assignment, it will perform and fully comply with each of and all the covenants and conditions of the Conditional Sale Agreement set forth to be performed and complied with by the Builder. The Builder further agrees that it will warrant to the Assignee and the Railroad that at the time of delivery of each unit of the Equipment under the Conditional Sale Agreement it had legal title to such unit and good and lawful right to sell such unit and that title to such unit was free of all claims, liens, security interests and other encumbrances of any nature except only the rights of the Railroad under the Conditional Sale Agreement; and the Builder further agrees that it will defend the title to such unit against the demands of all persons whomsoever based on claims originating prior to the delivery of such unit by the Builder under the Conditional Sale Agreement; all *subject, however*, to the provisions of the Conditional Sale Agreement and the rights of the Railroad thereunder. The Builder will not deliver any of the Equipment to the Railroad under the Conditional Sale Agreement until the filings and recordations referred to in Article 19 of the Conditional Sale Agreement have been effected (the Builder and its counsel being entitled to rely on advice from the Railroad or special counsel for the Assignee that such filings and recordations have been effected).

SECTION 4. The Builder agrees with the Assignee that in any suit, proceeding or action brought by the Assignee under the Conditional Sale Agreement for any instalment of, or interest on, indebtedness in respect of the Purchase Price of the Equipment or to enforce any provision of the Conditional Sale Agreement, the Builder will indemnify, protect and hold harmless the Assignee from and against all expense, loss or damage suffered by reason of any defense, setoff, counterclaim or recoupment whatsoever of the Railroad arising out of a breach by the Builder of any obligation with respect to the Equipment or the manufacture, construction, delivery or warranty thereof, or by reason of any defense, setoff, counterclaim or recoupment whatsoever arising by reason of any other indebtedness or liability at any time owing to the Railroad by the Builder. The Builder's obligation so to indemnify, protect and hold harmless the Assignee is conditional upon (a) the Assignee's timely motion or other appropriate action, on the basis of Article 15 of the Conditional Sale Agreement, to strike any defense, setoff, counterclaim or recoupment asserted by the Railroad in any such suit, proceeding or action and (b) if the court or other body having jurisdiction in such suit, proceeding or action denies such motion or other action and accepts such defense, setoff, counterclaim or recoupment as a triable issue in such suit, proceeding or action, the Assignee's prompt notification to the Builder of the asserted defense, setoff, counterclaim or recoupment and the Assignee's giving the Builder the right, at the Builder's expense, to compromise, settle or defend against such defense, setoff, counterclaim or recoupment.

Except in cases of articles or materials specified by the Railroad and not manufactured by the Builder and in cases of designs, systems, processes, formulae or combinations specified by the Railroad and not developed or pur-

ported to be developed by the Builder, the Builder agrees, except as otherwise specifically provided in Schedule A to the Conditional Sale Agreement, to indemnify, protect and hold harmless the Assignee from and against any and all liability, claims, costs, charges and expenses, including royalty payments and counsel fees, in any manner imposed upon or accruing against the Assignee or its assigns because of the use in or about the construction or operation of any of the Equipment of any design, system, process, formula, combination, article or material which infringes or is claimed to infringe on any patent or other right. The Assignee will give prompt notice to the Builder of any such liability or claim actually known to the Assignee and will give the Builder the right, at the Builder's expense, to compromise, settle or defend against such claim. The Builder agrees that any amounts payable to it by the Railroad with respect to the Equipment, whether pursuant to the Conditional Sale Agreement or otherwise, not hereby assigned to the Assignee, shall not be secured by any lien, charge or security interest upon the Equipment or any unit thereof.

SECTION 5. The Assignee, on each Closing Date fixed as provided in Article 4 of the Conditional Sale Agreement with respect to a Group (as defined in said Article 4) of the Equipment, shall pay to the Builder an amount equal to the portion of the Purchase Price thereof which, under the terms of said Article 4, is payable in instalments, provided that there shall have been delivered to the Assignee, as provided in Article 15 of the Conditional Sale Agreement, at least five business days (as defined in said Article 4) prior to such Closing Date, the following documents, in form and substance satisfactory to it and to its special counsel hereinafter mentioned, in such number of counterparts as may be reasonably requested by said special counsel:

(a) A bill of sale from the Builder to the Assignee transferring to the Assignee title to the units of the Equipment in such Group, warranting to the Assignee and to the Railroad that at the time of delivery of such units under the Conditional Sale Agreement the Builder had legal title to such units and good and lawful right to sell such units and that title to such units was free of all claims, liens, security interests and other encumbrances of any nature except only the rights of the Railroad under the Conditional Sale Agreement, and covenanting to defend the title to such units against the demands of all persons whomsoever based on claims originating prior to the delivery of such units by the Builder under the Conditional Sale Agreement;

(b) A Certificate or Certificates of Acceptance with respect to the units of the Equipment in such Group as contemplated by Article 3 of the Conditional Sale Agreement;

(c) An invoice of the Builder for the units of the Equipment in such Group accompanied by or having endorsed thereon a certification by the Railroad as to the correctness of the prices of such units;

(d) An opinion of Messrs. Cravath, Swaine & Moore, who are acting as special counsel for the Assignee and, if the Assignee is acting as agent for Investors under a Finance Agreement, the Investors named in the Finance Agreement, dated as of such Closing Date, stating that (i) any such Finance Agreement, assuming due authorization, execution and delivery by such Investors, has been duly authorized, executed and delivered and is a legal, valid and binding instrument, (ii) the Conditional Sale Agreement has been duly authorized, executed and delivered

by the Railroad and the Builder and is a legal, valid and binding instrument enforceable against the Railroad and the Builder in accordance with its terms, (iii) this Assignment has been duly authorized, executed and delivered by the Builder and the Assignee and is a legal, valid and binding instrument, (iv) the Assignee is vested with all the rights, titles, interests, powers and privileges purported to be assigned to it by this Assignment, (v) security title to the units of the Equipment in such Group is validly vested in the Assignee and such units, at the time of delivery thereof to the Railroad under the Conditional Sale Agreement, were free from all claims, liens, security interests and other encumbrances (other than those created by the Conditional Sale Agreement), (vi) no approval of the Interstate Commerce Commission or any other governmental authority is necessary for the valid execution and delivery of any such Finance Agreement, the Conditional Sale Agreement or this Assignment, or if any such authority is necessary, it has been obtained, (vii) the Conditional Sale Agreement and this Assignment have been duly filed and recorded with the Interstate Commerce Commission in accordance with Section 20c of the Interstate Commerce Act and no other filing or recordation is necessary for the protection of the rights of the Assignee in any state of the United States of America or in the District of Columbia and (viii) registration of the Conditional Sale Agreement, this Assignment or any certificates of interest delivered pursuant to any such Finance Agreement is not required under the Securities Act of 1933, as amended, and qualification of an indenture with respect thereto is not required under the Trust Indenture Act of 1939, as amended; and such opinion shall also cover such other matters as may reasonably be requested by the Assignee or any such Investors;

(e) An opinion of counsel for the Railroad, dated as of such Closing Date, to the effect set forth in clauses (i), (ii), (iii), (vi) and (vii) of subparagraph (d) above (said counsel, in rendering such opinion, being permitted to assume due authorization, execution and delivery of the Finance Agreement and this Agreement by parties thereto other than the Railroad) and stating that the Railroad is a duly organized and existing corporation in good standing under the laws of its jurisdiction of incorporation and has the power and authority to own its properties and to carry on its business as now conducted;

(f) An opinion of counsel for the Builder, dated as of such Closing Date, to the effect set forth in clauses (iv) and (v) of subparagraph (d) above and stating that (i) the Builder is a duly organized and existing corporation in good standing under the laws of its jurisdiction of incorporation and has the power and authority to own its properties and to carry on its business as now conducted, (ii) the Conditional Sale Agreement has been duly authorized, executed and delivered by the Builder and is a legal and valid instrument binding upon the Builder and enforceable against the Builder in accordance with its terms and (iii) this Assignment has been duly authorized, executed and delivered by the Builder and is a legal and valid instrument binding upon the Builder; and

(g) A receipt from the Builder for any payment (other than the payment being made by the Assignee pursuant to the first paragraph of this Section 5) required to be made on such Closing Date to the Builder with respect to the Equipment, unless such payment is made by the Assignee with funds furnished to it for that purpose by the Railroad.

In giving the opinions specified in subparagraphs (d), (e) and (f) of this Section 5, counsel may qualify any opinion to the effect that any agreement is a legal, valid and

binding instrument enforceable in accordance with its terms by a general reference to limitations as to enforceability imposed by bankruptcy, insolvency, reorganization, moratorium or other similar laws affecting the enforcement of creditors' rights generally. In giving the opinion specified in said subparagraphs (d) and (e), counsel may rely, as to authorization, execution and delivery by the Builder of the documents executed by the Builder and title to the Equipment at the time of delivery thereof under the Conditional Sale Agreement, on the opinion of counsel for the Builder; and, in giving the opinion specified in said subparagraph (d), counsel may rely as to any matter governed by the law of any jurisdiction other than New York or the United States, on the opinion of counsel for the Builder or the opinion of counsel for the Railroad as to such matter.

If the Assignee is acting as agent for Investors under a Finance Agreement, the obligation of the Assignee hereunder to make payment for any Group of the Equipment is hereby expressly conditioned upon the Assignee's having on deposit, pursuant to the terms of the Finance Agreement, sufficient funds available thereunder to make such payment. The Assignee shall not be obligated to make payment at any time after the commencement of any proceedings specified in clause (c) or (d) of Article 16 of the Conditional Sale Agreement or if an event of default, or any event which with the lapse of time and/or demand provided for in the Conditional Sale Agreement could constitute an event of default, shall have occurred and be continuing under the Conditional Sale Agreement. In the event that the Assignee shall not make any such payment, the Assignee shall reassign to the Builder, without recourse to the Assignee, all right, title and interest of the Assignee in and to the units of the Equipment with respect to which payment has not been made by the Assignee.

SECTION 6. The Assignee may assign all or any of its rights under the Conditional Sale Agreement, including the right to receive any payments due or to become due to it from the Railroad thereunder. In the event of any such assignment any such subsequent or successive assignee or assignees shall, to the extent of such assignment, enjoy all the rights and privileges and be subject to all the obligations of the Assignee hereunder.

SECTION 7. The Builder hereby:

(a) represents and warrants to the Assignee, its successors and assigns, that the Conditional Sale Agreement was duly authorized by it and lawfully executed and delivered by it for a valid consideration, that, assuming due authorization, execution and delivery by the Railroad, the Conditional Sale Agreement is, in so far as the Builder is concerned, a valid and existing agreement binding upon it and the Railroad in accordance with its terms and that it is now in force without amendment thereto;

(b) agrees that it will from time to time and at all times, at the request of the Assignee or its successors or assigns, make, execute and deliver all such further instruments of assignment, transfer and assurance and do such further acts and things as may be necessary and appropriate in the premises to give effect to the provisions hereinabove set forth and more perfectly to confirm the rights, titles and interests hereby assigned and transferred to the Assignee or intended so to be; and

(c) agrees that, upon request of the Assignee, its successors and assigns, it will execute any and all instruments which may be necessary or proper in order to discharge of record the Conditional Sale Agreement

or any other instrument evidencing any interest of the Builder therein or in the Equipment.

SECTION 9. The Assignee agrees to deliver an executed counterpart of this Assignment to the Railroad, which delivery shall constitute due notice of the assignment hereby made. Although this Assignment is dated for convenience as of the date first set forth above, the actual date or dates of execution hereof by the parties hereto is or are, respectively, the date or dates stated in the acknowledgments hereto annexed.

AGREEMENT AND ASSIGNMENT

dated as of April 15, 1980, between
the corporation first named following the testimonium
below (hereinafter called the Builder) and
THE CAPITAL NATIONAL BANK IN AUSTIN,
Austin, Texas (hereinafter called the Assignee)

WHEREAS, the Builder and GEORGETOWN RAILROAD COMPANY (hereinafter called the Railroad) have entered into a Conditional Sale Agreement dated as of April 15, 1980 (hereinafter called the Conditional Sale Agreement), covering the construction, sale and delivery by the Builder and the purchase by the Railroad of the railroad equipment (hereinafter called the Equipment) referred to in the Conditional Sale Agreement;

NOW, THEREFORE, this Agreement and Assignment (hereinafter called this Assignment) witnesseth that, in consideration of the sum of One Dollar and other good and valuable consideration paid by the Assignee to the Builder, the receipt of which is hereby acknowledged, as well as of the mutual covenants herein contained:

Section 1. Whenever this Assignment incorporates herein by reference, in whole or in part or as hereby amended, any provision of the document entitled "Model Assignment Provisions" annexed to the Conditional Sale Agreement as Part II of Annex A thereto (hereinafter called the Model Assignment Provisions), such provision of the Model Assignment Provisions shall be deemed to be a part of this instrument as fully to all intents and purposes as though such provision had been set forth in full in this instrument. Whenever this Assignment does not incorporate by reference, in whole or in part or as hereby amended, any provision of the Model Assignment Provisions, such provision shall be deemed not to be part of this Assignment.

Section 2. The Builder hereby assigns, transfers and sets over unto the Assignee, its successors and assigns:

- (a) all the right, title and interest of the Builder in and to each unit of the Equipment when and as severally delivered to and accepted by the Railroad under the Conditional Sale Agreement, subject to payment by the Assignee to the Builder of the amount required to be paid under Section 5 hereof with respect thereto;
- (b) all the right, title and interest of the Builder in and to the Conditional Sale Agreement (except the right to construct and deliver the Equipment and the right to re-

ceive the payments specified in the third paragraph of Article 3 thereof and in subparagraph (a) of the third paragraph of Article 4 thereof and the last paragraph of Article 15 thereof and reimbursement for taxes paid or incurred by the Builder as provided in Article 5 thereof) and in and to any and all amounts which may be or become due or owing to the Builder under the Conditional Sale Agreement on account of the indebtedness in respect of the Purchase Price (as defined in the Conditional Sale Agreement) of the Equipment and interest thereon, and in and to any other sums becoming due from the Railroad under the Conditional Sale Agreement, other than those hereinabove excluded; and

- (c) except as limited by subparagraph (b) hereof, all the Builder's rights, powers, privileges and remedies under the Conditional Sale Agreement;

without any recourse, however, against the Builder for or on account of the failure of the Railroad to make any of the payments provided for in, or otherwise to comply with, any of the provisions of the Conditional Sale Agreement; provided, however, that this Assignment shall not subject the Assignee to, or transfer, or pass, or in any way affect or modify, the obligations of the Builder to construct and deliver the Equipment in accordance with the Conditional Sale Agreement or with respect to its warranties and agreements contained in Article 14 of the Conditional Sale Agreement, or relieve the Railroad from its obligations to the Builder contained or referred to in Articles 2, 3, 4, 5, 13, 14 and 15 of the Conditional Sale Agreement, it being understood and agreed that, notwithstanding this Assignment, or any subsequent assignment pursuant to the provisions of Article 15 of the Conditional Sale Agreement, all obligations of the Builder to the Railroad with respect to the Equipment shall be and remain enforceable by the Railroad, its successors and assigns, against and only against the Builder. In furtherance of the foregoing assignment and transfer, the Builder hereby authorizes and empowers the Assignee, in the Assignee's own name, or in the name of the Assignee's nominee, or in the name of and as attorney hereby irrevocably constituted for the Builder, to ask, demand, sue for, collect, receive and enforce any and all sums to which the Assignee is or may become entitled under this Assignment and compliance by the Railroad with the terms and agreements on its part to be performed under the Conditional Sale Agreement, but at the expense and liability and for the sole benefit of the Assignee.

Section 3. Section 3 of the Model Assignment Provisions is herein incorporated as Section 3 hereof.

Section 4. Section 4 of the Model Assignment Provisions is herein incorporated as Section 4 hereof.

Section 5. Section 5 of the Model Assignment Provisions is hereby amended by (a) deleting all references to "Finance Agreement," "Investors" and "Certificates of Interest", (b) deleting all references to "Messrs. Cravath, Swaine and Moore" and substituting in lieu thereof "Messrs. Clark, Thomas, Winters & Shapiro," and (c) deleting the first sentence of the third paragraph thereof and substituting in lieu thereof the following:

"The obligation of the Assignee hereunder to make payment for any Group of the Equipment is expressly conditioned upon there having been no material adverse change since July 31, 1975, in the business or financial condition of the Railroad or Texas Crushed Stone Company."

Section 5 of the Model Assignment Provisions, as so amended, is herein incorporated as Section 5 hereof.

Section 6. Section 6 of the Model Assignment Provisions is herein incorporated as Section 6 hereof.

Section 7. Section 7 of the Model Assignment Provisions is herein incorporated as Section 7 hereof.

Section 8. The terms of this Assignment and all rights and obligations hereunder shall be governed by the laws of the State of Texas; provided, however, that the parties shall be entitled to all the rights conferred as provided in Article 23 of the Conditional Sale Agreement. The terms, rights and obligations of the parties hereunder may not be changed orally, but may be changed only by an agreement in writing signed by the party against whom enforcement of such change is sought.

Section 9. Section 9 of the Model Assignment Provisions is herein incorporated as Section 9 hereof.

Section 10. Any notice required or permitted to be given or made to the Assignee pursuant to this Assignment or the Conditional Sale Agreement shall be given or made in writing, and addressed to it at P.O. Box 550, Austin, Texas, 78789, Attention of Mr. Clifton E. Lind, or at such other address as it may hereafter designate.
